Programming 4204/4229 Relay

Enter program mode by powering down then back up & pressing the *+# simultaneously within 50 seconds of power up, or enter the Installer code (4112)
+8+0+0.
Screen displays, "INSTALLER CODE 20"
Press "*" 79, screen displays "ENTER OUTPUT NO." (00 = quit) 01
Press 01*
Screen displays "01 output type" "Delete 0"
Press 1*
Screen displays "01 Modular Addr" "07-15"
Choose what address you want from 07-15 (for this instruction set we will choose address 07) Press 07*
Address Module
07 1 st 4229 (with zones 09-16)
08 2 nd 4229 (with zones 17-24)
09 3 rd 4229 (with zones 25-32)
10 4 th 4229 (with zones 33-40)
11 5 th 4229 (with zones 41-48)
12 1 st 4204
13 2 nd 4204
14 3 rd 4204
15 4 th 4204
Make sure module's DIP switches are set to the selected address
Screen displays "01 Rly Position" "1-4" (note: this should only have a choice of 1-2, do not
try to set up a relay 3 or 4, address 07-11 is for a 4229, and this unit only has 2 relays) Press 1*
Screen displays:
Enter Output No. 02 (00 = QUIT)
Press 00
11035 00
Press *80
Screen displays: "Output Funct #" 01
Press 01*
Screen displays: UL A E P 111g
Screen displays: "01 A E P Trig 200 0 0 - ZL =00"
?00 0 0 - ZL =00"
1 ,

14. Screen Displays: "01 Activated By: Delete 0"
Choices are as follows; 1 = zone list; 2 = zone type; 3 = zone number; 0 = delete

14.1	If you choose 1 screen will display "01 Zn List" Choose a Zone List 1-8
	(See instructions for zone list programming, we will not cover this in this
	document)
15. <mark>2</mark>	If you choose 2 screen will display "01 Enter Zone Type, where you will have
	the following choice to enter:
	CHOICE FOR ZONE TYPES
	00 = Not Used 06 = 24-Hr Silent 14 = Carbon Monoxide
	01 = Entry/exit #1 07 = 24-Hr Audible 16 = Fire w/Verification
	02 = Entry/exit #2 08 = 24-Hr Aux 23 = No Alarm Respon
	03 = Perimeter 09 = Fire 24 24 = Silent Burglary
	04 = Interior Follower 10 = Interior w/Delay 25 = 24hr Non-Alarm
	05 = Trouble Day/Alarm Night 12 = Monitor Zone 77 = Keyswitch Zone
	CHOICES FOR SYSTEM OPERATION
	20 = Arming-STAY 39 = Any Fire Alarm 60 = AAV
	21 = Arming–AWAY 40 = Bypassing 66 = Function Key †
	22 = Disarming (Code + OFF) 41 = AC Power Failure 67 = Bell Fail
	31 = End of Exit Time) 42 = Sys Battery Low 68 = Telco Line Cut
	32 = Start of Entry Time 43 = Comm Failure 78 = Keyswitch RED LED
	33 = Any Burglary Alarm 52 = Kissoff 79 = Keyswitch Green LED
	36 = **At Bell Timeout † 54 = Fire Zone Reset
	38 = Chime 58 = Duress
	** Use 3 (any) for Partition No. (P) entry
	† Or at Disarming, whichever occurs first.
	† Use *57 Menu Mode to assign the function key (function "07")
	After you have made a choice from above
	Press * and enter one of the following:
	Press * and enter one of the following: 0 = any partition
	Press * and enter one of the following: 0 = any partition 1 = partition 1
	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2
	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common
15.3	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common
15.3	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2
15.3	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows:
15.3	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble
16.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble Press * ,Screen displays: Output action
16.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble
16.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble Press * ,Screen displays: Output action
16.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble Press * ,Screen displays: Output action Screen displays: Output action: Choose from the following
16.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble Press * ,Screen displays: Output action Screen displays: Output action: Choose from the following 0 = off 4 = Toggle state of relay 1 = Close for 2 seconds 5 = Duration 1 (see data field *177)
16.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble Press * ,Screen displays: Output action Screen displays: Output action: Choose from the following 0 = off 4 = Toggle state of relay 1 = Close for 2 seconds 5 = Duration 1 (see data field *177) 2 = Close and Stay Closed 6 = Duration 2 (see data field *177)
16.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble Press * ,Screen displays: Output action Screen displays: Output action: Choose from the following 0 = off 4 = Toggle state of relay 1 = Close for 2 seconds 5 = Duration 1 (see data field *177) 2 = Close and Stay Closed 6 = Duration 2 (see data field *177) 3 = Continuous Pulse on & off
16. 17.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble Press * ,Screen displays: Output action Screen displays: Output action: Choose from the following 0 = off 4 = Toggle state of relay 1 = Close for 2 seconds 5 = Duration 1 (see data field *177) 2 = Close and Stay Closed 6 = Duration 2 (see data field *177) 3 = Continuous Pulse on & off Make a choice and press *
16. 17.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble Press * ,Screen displays: Output action Screen displays: Output action: Choose from the following 0 = off 4 = Toggle state of relay 1 = Close for 2 seconds 5 = Duration 1 (see data field *177) 2 = Close and Stay Closed 5 = Duration 2 (see data field *177) 3 = Continuous Pulse on & off Make a choice and press * The display now shows "Enter Output No." Enter the device number (see step
16. 17.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble Press * ,Screen displays: Output action Screen displays: Output action: Choose from the following 0 = off 4 = Toggle state of relay 1 = Close for 2 seconds 5 = Duration 1 (see data field *177) 2 = Close and Stay Closed 6 = Duration 2 (see data field *177) 3 = Continuous Pulse on & off Make a choice and press * The display now shows "Enter Output No." Enter the device number (see step #8) you want associated with this output.
16. 17.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble Press * ,Screen displays: Output action Screen displays: Output action: Choose from the following 0 = off 4 = Toggle state of relay 1 = Close for 2 seconds 5 = Duration 1 (see data field *177) 2 = Close and Stay Closed 3 = Continuous Pulse on & off Make a choice and press * The display now shows "Enter Output No." Enter the device number (see step #8) you want associated with this output. Press *
16. 17.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble Press * ,Screen displays: Output action Screen displays: Output action: Choose from the following 0 = off 4 = Toggle state of relay 1 = Close for 2 seconds 5 = Duration 1 (see data field *177) 2 = Close and Stay Closed 6 = Duration 2 (see data field *177) 3 = Continuous Pulse on & off Make a choice and press * The display now shows "Enter Output No." Enter the device number (see step #8) you want associated with this output.
15.3 16. 17.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble Press * ,Screen displays: Output action Screen displays: Output action: Choose from the following 0 = off 4 = Toggle state of relay 1 = Close for 2 seconds 5 = Duration 1 (see data field *177) 2 = Close and Stay Closed 6 = Duration 2 (see data field *177) 3 = Continuous Pulse on & off Make a choice and press * The display now shows "Enter Output No." Enter the device number (see step #8) you want associated with this output. Press * Screen now displays summary:
16. 17.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble Press * ,Screen displays: Output action Screen displays: Output action: Choose from the following 0 = off
16. 17. 18.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble Press * ,Screen displays: Output action Screen displays: Output action: Choose from the following 0 = off 4 = Toggle state of relay 1 = Close for 2 seconds 5 = Duration 1 (see data field *177) 2 = Close and Stay Closed 6 = Duration 2 (see data field *177) 3 = Continuous Pulse on & off Make a choice and press * The display now shows "Enter Output No." Enter the device number (see step #8) you want associated with this output. Press * Screen now displays summary:
16. 17. 18.	Press * and enter one of the following: 0 = any partition 1 = partition 1 2 = partition 2 3 = common If you choose 3 screen will display "01 Enter Zone No." and will choose a active zone # and hit * Screen will now display "Enter Event" Choices are as follows: 0 = Restore; 1 = Alarm/Fault/Trouble Press * ,Screen displays: Output action Screen displays: Output action: Choose from the following 0 = off
